

RETISHA NAKIYEMBA

JUNIOR SOFTWARE ENGINEER | FULL-STACK DEVELOPER

Kampala, Uganda • 0701066872 / 0748864949 • retishanakiyemba202@gmail.com • [LinkedIn](#) • [GitHub](#)

PROFESSIONAL SUMMARY

Dedicated and adaptable Junior Software Engineer with a Certificate in Software Engineering with Python and currently pursuing a Bachelor of Business Administration specializing in Artificial Intelligence and Finance. Experienced in building user-focused web applications, RESTful APIs, database-driven systems, authentication workflows, and integrated digital platforms. Hands-on experience with Python, JavaScript, TypeScript, React, Next.js, Django, Node.js, Supabase, PostgreSQL, MongoDB, and API integrations. A proactive problem-solver with strong teamwork, communication, and interpersonal skills, passionate about creating practical technology solutions.

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, HTML, CSS

Frontend: React, Next.js, React 19, responsive web development

Backend: Django, Django REST Framework, Node.js, Express.js, RESTful APIs

Databases: PostgreSQL, Supabase, SQLite, MongoDB, Mongoose

Security & Integration: Authentication, role-based access control, secure API routes, API integration, application security, mobile money integration, payment processing

Tools & Methods: Git/GitHub, Agile, Lean, Figma, Trello, Microsoft Office Suite, Prompt Engineering, UI/UX Design, Object-Oriented Programming, Django Templating

SELECTED PROJECT EXPERIENCE

Farmer's Companion — AI-Powered Agricultural Assistant — *Full-Stack Developer* June 2026

- Built an AI-powered farming assistant accessible via USSD, SMS, and Voice on any 2G phone, eliminating the need for a smartphone or internet connection.
- Integrated Africa's Talking APIs for SMS, USSD, and Voice to reach rural farmers using basic mobile phones.
- Implemented Sunflower AI, a Uganda-focused LLM, to provide localized agricultural support in Luganda, Runyankole, and Acholi.
- Developed the Django backend with SQLite for farmer profiles, crop data, and transaction history.
- Developed using ngrok for testing webhooks in a sandbox environment.
- **Impact:** Provides real-time weather forecasts, market prices, pest-control advice, and farming tips to 5.2 million Ugandan smallholder farmers.

Academic Services Platform — *Full-Stack Developer* 2026

- Architected a production-ready academic services platform using Next.js 15 App Router, React 19, and TypeScript 5.
- Built a secure, role-based admin dashboard integrated with Supabase PostgreSQL, Authentication, and Storage for managing client intakes, messages, and a custom blog CMS.
- Engineered robust data validation and secure API routes using React Hook Form and Zod, streamlining complex multi-step client workflows.
- Designed responsive, user-focused interfaces and database-backed workflows for a complete digital service platform.

Novuna Electronics E-Commerce Platform — *Full-Stack Developer* 2025–2026

- Developed an e-commerce platform using Node.js, Express.js, JavaScript, and MongoDB.
- Integrated MTN Mobile Money and Airtel Money payment workflows.
- Implemented WhatsApp communication functionality to support customer engagement.
- Developed backend APIs and database functionality for core e-commerce operations.

Karibu Groceries Inventory Management System — *Software Developer* 2025

- Developed a Django and Python inventory management system backed by SQLite.
- Implemented database-driven workflows for managing grocery inventory and application data.
- Applied object-oriented programming and Django development practices.

EDUCATION

Bachelor of Business Administration — Artificial Intelligence | Nexford University — Currently Pursuing

Certificate in Software Engineering with Python | Refactory Academy — June 2025

PROFESSIONAL DEVELOPMENT & TRAINING

Leadership Development Program — ASPIRE Programs

In Progress | Expected completion: September 2026

Virtual Assistant Program

In Progress | Expected completion: October 2026

PROFESSIONAL STRENGTHS

Problem Solving • Team Collaboration • Communication • Adaptability • Continuous Learning • User-Centered Thinking
